PRODUCT DATA SHEET

Supro TC

Product Name:	SUPRO TC
Product Type:	TIMBER SEALANT FOR SPLIT AND CHECK PREVENTION
Description:	<p>SUPRO TC is an emulsion-based paste that effectively penetrates and seals seasoned and semi-seasoned timber, particularly the end-grain. It forms a water resistant coating that prevents excessive checking and splitting during further drying. It also stabilises fully seasoned timber against moisture fluctuations under varying relative humidity conditions. It further acts as a highly effective water repellent coating.</p> <p>SUPRO TC has a thick, paste-like consistency. Without colouring agents it has a milky white appearance and dries to a translucent coating</p>
Active Ingredients:	Waxes and solvents
Physical Characteristics:	Appearance - Milky white or coloured paste Solubility - Water and solvent insoluble Density @ 20°C - 0,845 kg/l
Use Restriction:	For use on seasoned and semi-seasoned timber
Application:	SUPRO TC can be applied to timber by roller or brush
Application Rate:	2 - 6m ² /l
Dilution Rates:	Ready for use. Do not attempt to dilute SUPRO TC
Storage:	Storage temperatures should not exceed 30°C. Protect contents from excessive drying by sealing containers when not in use
Packaging:	5l and 25l nett plastic buckets and 200l nett open-top steel drums
Note:	SUPRO TC is also supplied in a variety of light fast colours
